

Back to the Future™, Knight Rider™ and The Munsters™ Construction Kits FACTSHEET

Frontier Developments has launched three new Construction Kit downloadable content packs for *Planet Coaster*, featuring the DeLorean Time Machine from *Back to the Future*, the K.I.T.T. and K.A.R.R. vehicles from *Knight Rider*, and the Munster Koach and DRAG-U-LA drag racer from *The Munsters*.

Each of *Planet Coaster's* new Construction Kits comes with the piece-by-piece construction components and blueprints to build each of these famous vehicles at large scale, as well as medium-scale replica scenery pieces, small-scale karting replicas for *Planet Coaster's* 'Speed' go-kart tracks and branded logo sign.

Every part can be mixed, matched, removed and re-used however players choose to power-up your props with a Mr. Fusion, give your scenery sentience with KITT's iconic scanner bar, or spook your park guests with a swarm of 1313 Mockingbird Lane's resident bats.
